ANNUAL REPORT FOR THE YEAR 2010-2011

From the Desk of Honorary Secretary General

AssalamuAlaikum

I am honored and pleased to present the annual audited accounts of the Memon Professional Forum for its 26th year. I further take this opportunity to thank the President Mr. Asif Ismail Magroria for his highly motivated tenure as well as taking a number of bold steps to enhance the image of MPF and taking it to new heights never seen before.

From day one, objective of the president was clear to involve all the team members i.e. the office bearers and the Managing Committee members as well as the past presidents and general members and lay foundation for a stronger representation of MPF in the society and social circles across various disciplines. I feel immense delight in stating that the whole of managing committee participated in the uplift of MPF image by holding different events and programs.

A number of different activities were held during the year managed and organized by the Managing Committee. Programs conducted during the year related to different disciplines and highlighted the diverse nature of the membership of MPF.

The year rolled on with 2 mini conferences, one each on medical practices and on engineering and architecture. Both the mini conferences attracted a sizable audience and were termed highly successful and informative by the participants across the board.

In order to honor the achievements of Memon Youth in the field of education, a program was conducted where all the memons completing their professional education in the past 8 years were honored and presented with a memento as a token of appreciation and achievement. The event also helped in presenting the MPF to the Memon youth and attracted a number of new membership requests for the forum.

During the year 2 more programs of the MPF academy were conducted at the MPF office. The first of the two programs was aimed at enhancing the communication and negotiation skills and was highly appreciated by all participants. I thank Mr. Nizar Noorali Bhulani for conducting this program voluntarily for us. The second MPF academy program was conducted by Mr. Payaam.H.Siddiqui on a very innovative and emerging topic of neuro linguistic programming. The speaker highlighted the use of NLP and how it can be used in our daily lives to improve quality of life. I also thank Mr. Payaam.H.Siddiqui for his support to MPF and conducting the program on a voluntary basis.

It was during this year that the MPF magazine was launched by the NETWORK. A quarterly magazine by its period, NETWORK magazine aims to highlight the activities of MPF as well as provide literary articles contributed by members for publication in the magazine. The first issue of the magazine was published in the month of May 2011 and was appreciated by all. We have finalized the work for the second issue of the magazine and Insha'Allah the next issue shall be made available to you very soon.

ANNUAL REPORT FOR THE YEAR 2010-2011

Continuing on the high trends set by the previous office bearers and the works initiated then, the current team continued with the efforts. The medical committee which had undertaken the task of uniting all Memon hospitals of Karachi under one umbrella was continued with full vigor and regular meetings were held in this regard resulting in fruitful outcomes for various hospitals across Karachi.

The year was marked by full day branding and marketing summit held at the Marriot hotel on May 28, 2011. The program was attended by key business personnel and top management of large corporate organizations. Keynote speech was given by Dr. Ata ur Rehman. The event was jointly organized by Nutshell events.

This year marked the shifting of the MPF office from Shahrah-e-Faisal to Khayaban-e-Rahat Defence. The previous office due to its limited capacity was certainly not coping with the ever increasing requirements of MPF and therefore with the vision and efforts of the President, the dream of a new highly equipped larger office was brought to life and the new office premises was purchased. The office is located in a peaceful area of defence with ample parking space for visitors with an eye soothing view all around. The office was inaugurated by our past presidents Dr. Abdul Ghaffar Billoo and Mr. Abdur Razzak Thaplawala. The office is equipped with modern facilities and has been developed keeping in minds the needs of professional activities conducted by MPF.

In the end, I would like to thank the entire managing committee, the past presidents, all members of the forum, office bearers and the President for their whole hearted support during the year. I congratulate each and every one of you for witnessing another successful year of our MPF journey. I am further expressing my gratitude for the support from the managing committee, past presidents, past office bearers, current office bearers and all the members of MPF. I specially thank the office secretariat Mr. Hashim Hussain and Mr. Amin Dharani for their continuous contributions towards the uplift of the forum and managing all proceedings with utmost care and diligence. I would conclude my communication with a special thanks to Mr. Asif Ismail, President of MPF for his guidance, leadership and support throughout the year and above all my heartfelt appreciation for Mr. Pervez Abubaker, past president of MPF for his never ending support and untiring efforts for the Forum. During my tenure I have learned considerably from the supervision of my seniors and their experiences. I wish MPF a wonderful future ahead and make myself available for any requirements of MPF which may arise from time to time.

Thank you
