Eid Milan & Networking Dinner

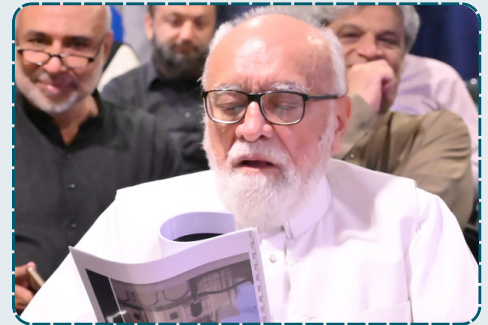

The Memon Professional Forum (MPF) hosted a warm and vibrant Eid Milan & Networking Dinner on April 19, 2025, at the MPF Office, bringing together professionals, community leaders, and members to celebrate the joyous occasion of Eid and strengthen professional ties.

The event was graced by Mr. Miftah Ismail, former Federal Minister for Finance & Revenue, as the Chief Guest, who shared valuable insights on Pakistan's economic outlook and emphasized the importance of community-driven initiatives in national progress.

The evening was elegantly conducted by Mr. Irfan Amanullah, who served as the Master of Ceremony, adding grace and professionalism to the event. Guests enjoyed an atmosphere of unity, celebration, and meaningful dialogue, making the occasion both festive and intellectually engaging.

MPF was widely appreciated for organizing a successful event that seamlessly blended tradition, networking, and thought leadership—further reinforcing its role as a platform for professional and community advancement.

Smart Building & Innovation

The Memon Professional Forum (MPF) successfully hosted a thought-provoking seminar on “Smart Building & Innovation” on May 9, 2025, at the Karachi Gymkhana, attracting professionals, engineers, architects, and industry leaders committed to shaping the future of the built environment.

The event was graced by Mr. Muhammad Hassan Bakhshi, Chairman - Association of Builders & Developers of Pakistan (ABAD), as the Chief Guest, who shared valuable insights on sustainable urban development and the evolving role of smart infrastructure in Pakistan’s construction landscape.

The seminar featured a distinguished panel of speakers:

Mr. Tariq Hassan, CEO, The Architects

Engr. M. Saleem Rangoonwala, CEO, The Peak

Mr. Sohail Mumtaz, Ex-Director, Sindh Building Control Authority

Arch. Sobiya Munawar, Head of Design & Marketing, Al Feroz Pvt. Ltd and Gen AI Trainer

Each speaker brought forward unique perspectives on integrating technology with architecture, sustainable construction practices, regulatory challenges, and the growing impact of AI and innovation in building design.

The session was expertly moderated by Architect Shareesh Danish, who served as the Master of Ceremony, ensuring smooth flow and engaging interaction throughout the event.

The seminar concluded with an interactive networking opportunities, and appreciation for MPF’s initiative in promoting forward-thinking dialogue within the professional community.

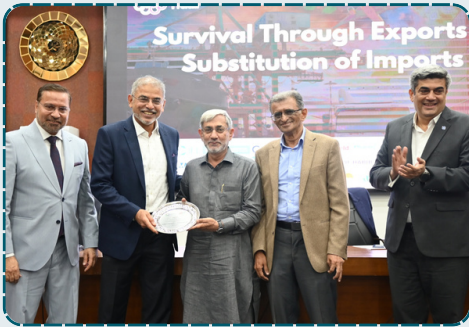

Survival through Exports & Substitution of Imports

The Memon Professional Forum (MPF) organized an insightful seminar titled "Survival through Exports & Substitution of Imports" on May 30, 2025, at the ICAP Auditorium, focusing on the critical economic strategies essential for Pakistan's sustainable growth.

The seminar gathered professionals, economists, business leaders, and policymakers to discuss the urgent need to strengthen exports and reduce dependency on imports. Speakers emphasized the importance of local value addition, industrial innovation, and export-oriented policies to stabilize the economy and create long-term resilience.

The session provided a platform for meaningful dialogue on policy reforms, trade competitiveness, and industrial capacity building. Attendees appreciated MPF's continued efforts in addressing key economic challenges through professional engagement and thought leadership.
